

PROGRAM OVERVIEW

The Safe-Tech Powered Pallet Truck Instructor Program is a 1-day program designed to fulfill the knowledge requirements of a trainer and to instruct participants on how to provide effective training and evaluation of your pallet truck operators. Training is specific to the equipment types used in your operation. To assist the client in building an effective classroom theory program, a comprehensive video training program and additional visual training aids are provided.

PRE-REQUISITES

Instructor candidates must be competent on all lift truck and attachment classes that they will be required to instruct on. In addition, the participant must be an effective communicator with strong verbal and directional skills. To meet the CSA Standard B335-15, additional instructor pre-requisites may be required including WHMIS Certification and TDG Certification when applicable.

COMPLIANCE

- (i) The CSA Standard B335-015 requires that lift truck operators receive retraining on both theory and practical every three years.
- (ii) Safe-Tech programs meet or exceed the CSA Standard and the Ontario Ministry of Labour's, "Guideline for the Safe Operation and Maintenance of Powered Lift Truck Trucks".

PROGRAM INCLUDES

- Written examination
- Practical operating instruction and testing
- Record of training report
- Individual wallet certificates (for course participants)
- Model lift truck kit
- Instructor manuals complete with: Printed PowerPoint Presentation with notes and Teaching Techniques for Trainers.
- Upon completion of the course the following information will be electronically transferred to the booking contact: PowerPoint Presentation, Practical Operator Instructor Guide, Written Exam, Answer Key, Safety Rules, MOL Guidelines and Information Bulletin on Mobile Equipment & Visibility Standards, CSA Information for B335-15, Ontario Fire Code for Lift Trucks, Progress Evaluation (Practical Training Form), Practical Operator Test, Pre-Shift Inspection Forms, Wallet Certificate Template.

LANGUAGE COMPREHENSION

Safe-Tech programs are conducted in English and best suited for participants with good English comprehension. Please advise our office at the time of booking and prior to the start of the course of any comprehension concerns or if you will be providing a translator when warranted. The instructors will do their best to accommodate, however Safe-Tech cannot be held responsible for any situation where comprehension was a factor due to a language barrier or impediment.

DURATION & LOCATION

- 1-day program on-site at your location
- Optional 2nd day includes a Safe-Tech instructor coaching and providing feedback to your trainer during their first classroom session with your operators.

SAFE-TECH ADVANTAGES

Safe-Tech is the Working at Height and Equipment Training Partner of [Workplace Safety & Prevention Services](#) and many of our programs are **MOE Director approved**.
