

PROGRAM OVERVIEW

The Safe-Tech Walkie Stacker / Powered Pallet Operator Training Program consists of a four (4) hour on-site classroom program followed by a practical operating test. This program is suitable for new and existing operators and will provide the participant with the necessary knowledge to safely and correctly operate your specific type of walkie or walkie/rider stacker.

COMPLIANCE

- (i) The CSA Standard B335-15 requires that lift truck operators receive retraining on both theory and practical every three years.
- (ii) Safe-Tech programs meet or exceed the CSA Standard and the Ontario Ministry of Labour's, "Guideline for the Safe Operation and Maintenance of Powered Lift Truck Trucks".

PROGRAM INCLUDES

- Classroom training
- Practical operator testing on up to 2 pieces of equipment or attachments (providing both tests take place at the same time & location during the initial scheduled testing date)
- Record of training report
- Written examinations
- Signed safety rules from each participant
- Individual wallet certificates (for participants with 80% passing score on both written and practical tests)
- Wall certificate for company

CLASSROOM TRAINING CONTENT

- Current applicable legislation and guidelines
- Vehicle stability
- Causes of accidents including injury and damage
- Load integrity and selection
- Operator responsibility
- Dock area safety
- Pedestrian awareness
- Truck/trailer inspection, loading/off-loading procedures
- Right-of-way
- Travelling on grades
- Defensive operating
- Pre-shift inspection and reporting procedures
- Basic and confined area manoeuvring
- Battery charging and changing

LANGUAGE COMPREHENSION

Safe-Tech programs are conducted in English and best suited for participants with good English comprehension. Please advise our office at the time of booking and prior to the start of the course of any comprehension concerns or if you will be providing a translator when warranted. The instructors will do their best to accommodate, however Safe-Tech cannot be held responsible for any situation where comprehension was a factor due to a language barrier or impediment.

DURATION & LOCATION

- 4 hour in-class theory held on-site at your location and;
- 30-minute practical operating test on-site at your location on the operator's regularly scheduled shift (additional time will be required for testing on more than 2 pieces of equipment or attachments)

PRACTICAL TESTING (FOR EXISTING OPERATORS)

Practical operator testing is held on-site at your facility and follows the classroom training. The operator is tested individually and put through a series of operating tasks and manoeuvres to assess competency and safety awareness on the equipment. Pre-shift inspection and reporting procedures are also covered. Average testing time is approximately 30 minutes per operator. Additional time will be required for testing on more than 2 pieces of equipment or attachments.

PRACTICAL TRAINING (FOR NEW OPERATORS)

Participants with little or no practical operating experience will require practical operator training prior to practical testing. The duration of practical training varies based on equipment type and aptitude of the operator. Practical training is an additional charge to this program and should be pre-scheduled.

SAFE-TECH ADVANTAGES

Safe-Tech is the Working at Height and Equipment Training Partner of [Workplace Safety & Prevention Services](#) and many of our programs are **MOE Director approved**.

- Safe-Tech programs meet or exceed all pertinent standards and regulations.
- On-Site programs are offered on any shift, 24/7, without shift premiums.
- Our unique training techniques incorporate exclusive custom models and visual aids which enhance interest and facilitate higher comprehension & retention levels for all participants.
- Supervisors, managers, J.H.S.C. members who do not use or operate equipment but are responsible for implementing or enforcing safety policies may attend our programs at no charge (some exceptions apply).
- Our internal data management and tracking system automatically notifies clients at least 30 days before personnel are due for applicable recertification.
- Safe-Tech is the first and only training company in the industry to offer a **satisfaction guarantee**. *“If the content or presentation of any Safe-Tech program is not to your complete satisfaction, there will be no charge”.*
